A seductive embrace for the senses

Every corner is meticulously designed, with exquisitely sculpted cabinetry and indirect lighting that casts a halo of warmth. Home automation controls every aspect. The home's ambient sound flows in sync, enveloping the kitchen, dining room, master bedroom, bathroom and dressing room, creating a unique and immersive atmosphere. A hidden treasure awaits in the spacious and luminous dressing room in the master bedroom, a dream place.

Graced with exquisite decorative details

Wooden floors and micro-cement in the kitchen and bathrooms lend a sublime texture, while the matt marble wall in the living room presents itself as a contemporary art sculpture. The property also has two parking slots, a concierge for security and care, a large storage room of 12 m2 ideal for storing everything you want, and a specially designed room for storing bicycles and other means of mobility. Every detail has been carefully conceived to charm and embrace a world of sophistication and beauty.
